

### Slindon allotment society

It was an exciting moment when members started work clearing the new allotment site in the heart of the village, under the watchful eye of Mark Wardle, the National Trust head warden and chairman of the society. The sun shone and there was plenty of community spirit in evidence. Teas and coffees were provided by Sue Foley and Chas and Sandra had brought soup and hot dogs to share with everyone. Further working party days are in hand and we aim to have the plots cleared, allocated and ready to plant up by early next year.

There are still plots available and enquiries should be directed to the Society secretary, Sally Petch. Tel 01243 814598 or e-mail [elfinhousebooks@btinternet.com](mailto:elfinhousebooks@btinternet.com)
